Poster Presentation

An artistic way to put your technical imaginations on a poster in a concrete manner.

The poster should be self prepared and must not contain any printed text/picture. Poster should be prepared on A1 size sheet and pasted on a thermocol sheet. Abstract should be submitted in maximum 200 words on a single A4 size paper.

Model Presentation

An excellent way to put your thoughts into action in the form of working or partly working model. Participants have to submit an abstract in 200 words comprising of necessary description of model. A separate page may be appended for block diagrams, necessary figures and for commonly available equipment/apparatus/instrument etc. requirements, if necessary.

Group Discussion

An excellent methodology to enhance personality of students. Group discussion is a qualitative method to obtain in depth information on concepts & perceptions about given topic.

Paper Presentation

An event will look for students with an innate talent to present new ideas. The participants will have to make a presentation on the theme **“Global Opportunities and Challenges for Students in Technical Education Stream”**. The abstract should contain maximum 300 words. Paper should be sent in the **IEEE two columns format**.

On the Spot Event

Registration for On the Spot Event would be on 7th October, 2009.

Important Dates

Last Date for Receiving Entries:

30th September, 2009.
